

Privacy Action Report Prepared for: XXXXXXXX

This report shows each of the companies we've contacted to protect your data privacy, and the latest status of the request for opt-out of your data from being sold or shared. Each month, we generate a new report for you to give you a clear view of the progress we're making to keep your personal data from being sold or shared.

A status of **SUBMITTED** means we have submitted a notification informing the company that you do not want your data sold or shared.

A status of **NO RESPONSE** means we did not receive a response to the notification telling us the company has (or has not) complied with the request. Most U.S. states with privacy laws mandate a response within a specific timeframe.

A status of **COMPLETED** means the company responded with a verification that your data privacy request will be honored.

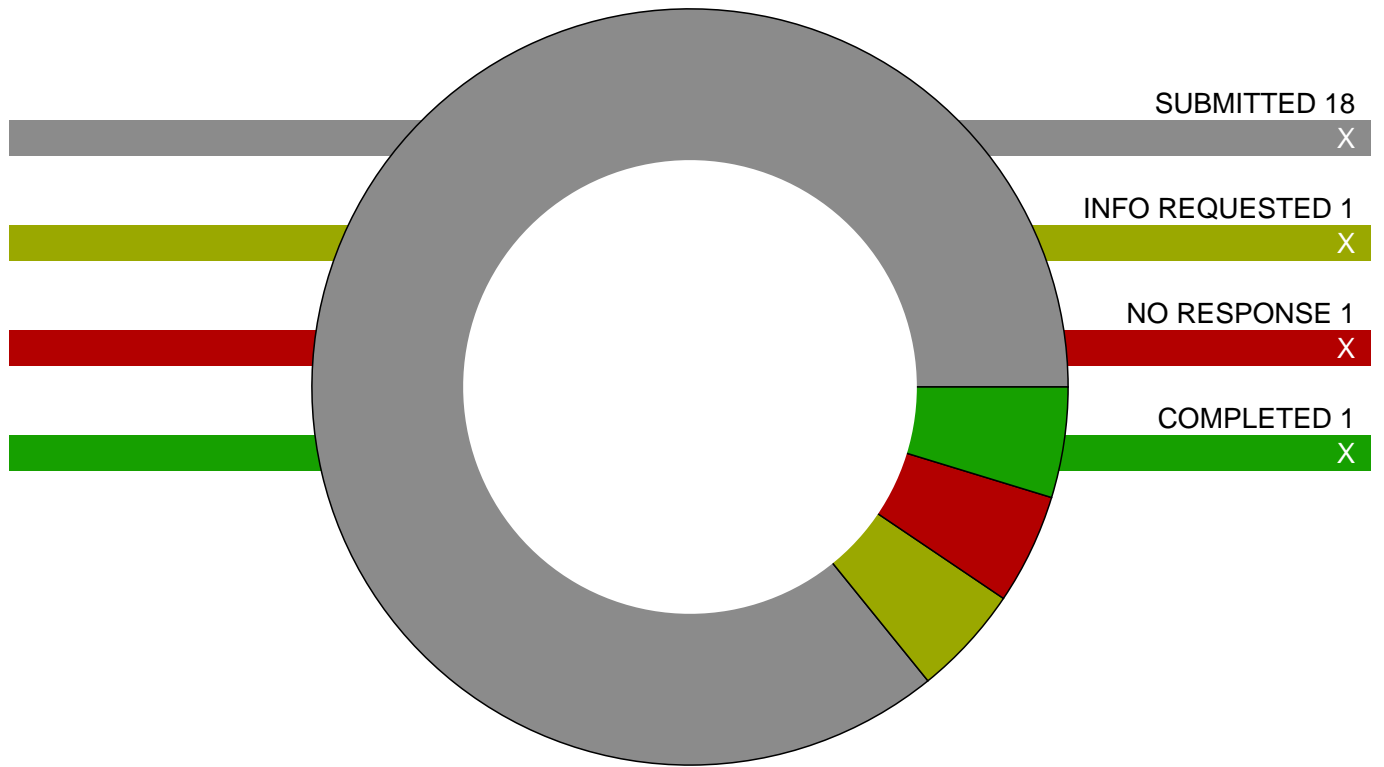

Thank you for trusting us to help with your data privacy!
